M'CORD BILL.

Anti-Extortion Measure Passed By The Legislature.

A PLANK IN THE PLATFORM.

The McCord Railroad Bill was one of the measures endorsed in the Democratic State platform and one of the few measures passed by the legislature, which adjourned Tuesday.

The act as it will appear on the statute books, is as follows:

An act to prevent railroad companies or corporations owning and operating a line or lines railroad, and its officers, agents and employees from charging, collecting or receiving extortionate freight or passenger rates in this Commonwealth and to further increase and define the duties and powers of the Railroad Commission in reference thereto, and prescribing the manner of enforcing the provisions of this act, and penalties for the violation of its provisions.

Be it enacted by the General Assembly of the Commonwealth of Kentucky: Section 1. When complaint shall be made to the Railroad Commission accusing any railroad company or corporations of charging, collecting or receiving extortionate freight rates over its line or lines of railroad, in this Commonwealth, or when said commission shall receive information, or have reason to believe that such rate or rates are being charged, collected or received, it shall be the duty of said commission to hear and determine the matter as speedily as possible. They shall give the company or corporation complained of not less than ten days' notice, by letter mailed to an officer or employee of said company or corporation, stating the time and place of hearing of same, also the nature of the complaint or matter to be investigated, and shall

hear such statements, arguments or evidence offered by the parties as the commission may deem relevant; and should the commission determine that the company or corporation is, or has been, guilty of extortion, said commission shall make and fix a just and reasonable rate, toll or compensation which said railroad company or corporation may charge, collect or receive for like services thereafter rendered. The rate, toll or compensation so fixed by the commission shall be entered and be an order on the record book of their office and signed by the commission, and a copy thereof mailed to an officer, agent or employee of the railroad company or corporation affected thereby, and shall be in full force and effect at the expiration of ten days thereafter, and may be revoked or modified by an order likewise entered of record. And should said railroad company or corporation, or any officer, agent or employee thereof, charge, collect or receive a greater or higher rate, toll or compensation for like services thereafter rendered than that made and fixed by said commission, as herein provided, said company or corporation, and said officer, agent or employee, shall each be deemed guilty of extortion, and upon conviction shall be fined for the first offense in any sum not less than \$500 nor more than \$1000 and upon a second conviction in any sum not less than \$1000 nor more than \$2000, and for a third and succeeding convictions in any sum not less than \$2,000 nor more than \$5,000.

Sec. 2. The Circuit Court of any county into or through which the line or lines of road carrying such passenger or freight owned or operated by said railroad, and the Franklin Circuit Court shall have jurisdiction of the offense against the railroad company or corporation offending, and the Circuit Court of the county where such offense may be committed by said officer, agent or employee, shall have jurisdiction in all prosecutions against said officer agent or employee.

Sec. 3. Prosecutions under this act shall be by indictment.

Sec. 4. All prosecutions under this act shall be commenced within two years after the offense shall have been committed.

Sec. 5. In making said investigation said commission may, when deemed necessary, take the depositions of witnesses before an examiner or Notary Public, whose fee shall be paid by the State, and upon the certificate of the chairman of the commission, approved by the Governor, the Auditor shall draw his warrant upon the Treasurer for its payment.

GOEBEL REWARD FUND.

Frankfort, Ky., March 9.—The Goebel Reward Commissioners met and elected Judge Joseph H. Lewis of Frankfort, Chairman, and B. W. Bradburn of Bowling Green, Secretary. Mr. John Hendrick, who was detained at Paducah, where he is engaged in a lawsuit, was the only absentee.

The following resolution was adopted, constituting the result of the board's deliberations:

"Resolved, that the sum of \$5,000 out of the sum appropriated by the act of the General Assembly of the Commonwealth of Kentucky, approved March 7, 1900, creating and appointing a commission for the purpose of apprehending and bringing to justice the murderer or murderers of Gov. William Goebel, and appropriating \$100,000 therefor, be paid as reward for the apprehension, arrest and conviction as principal or as accessory

before the fact of each person engaged in the murder of Gov. William Goebel. In the event the number of convictions as above provided exceeds ten, then the reward paid will be prorated as the whole number of such convictions is to \$50,000."

The rewards of \$5,000 each, aggregating \$50,000, consume but half the fund, and \$25,000 is held in reserve, to be used as an additional reward as the occasion requires. The remaining \$25,000 will be used for tracing the clews and securing evidence.

A supposed case of bubonic plague has been discovered at San Francisco. The victim is a Chinese. A Japanese steamer reaching Port Townsend has the plague aboard. The plague has been broken in Buenos Ayres, and the conditions India are worse, the death rate being greatly increased.

"OLD RILE"

Has A Word For Both Friends and Foes.

MARION, Ky., March 7, 1900. If you will give me a little space in your paper, I am very desirous to express my gratitude to the citizens of the city of Marion and the County of Crittenden. I am ready to acknowledge an everlasting debt of gratitude to those who have treated me with so much kindness and courtesy since I have been engaged with the smallpox. This, my expression of gratitude, has been due you some time, but I know you will excuse me when you consider that I had more business of importance to attend to.

I am glad that my life has been spared me until this time, when I can see the smallpox mist evaporating slowly, and ere long we hope the heavens will become bright as crystals; then those that have eyes can see, those that have ears can hear, those that have feeling can feel, and those that have a tongue can talk on about the board of health and old Dr. Rile Clark. I have rejoiced much from malicious and mendacious charges made against me, when I was discharging my duty to the best of my ability, to protect the health and lives of our citizens. There was one howl all over the town and county that old Dr. Rile Clark and some of the other doctors were trying to deceive the people and fill their pockets. It's nothing but chicken-pox or some kind of itch. This was very enjoyable of course, but we let them alone, because they knew not what they were saying or doing. Some of my friends have nobly met the fulmination of these designing and maligning persons, which I do most highly appreciate. I have come to the conclusion that the good old Psalmist spoke the truth when he said, "all men are liars, and they go lying from their mother's womb." Men were considered men of veracity, took the lead in misrepresentations and foul mendacities. We have gone through this fiery ordeal rejoicing, without stopping to answer or explain. I am glad I am still living, but sorry that my pocket is not full.

CHARGED WITH ARSON.

Frank McCoy Accused of Burning John Reed's Barn.

Frank McCoy is in jail at this place charged with setting fire to Mr. John Reed's barn. A warrant was issued Friday charging McCoy with the grave offense, and the examining trial was held Saturday. After hearing the testimony, Judge Rochester decided to hold the accused for an investigation by the grand jury. The bond was fixed at \$500, an in default of bail, McCoy was sent to jail. The accused lived in a tenant house on Reed's farm.

COUNTY COURT.

Will Probated—The Court Refuses to Grant Merchants License at Milford.

The will of R. N. Thomason was produced in court. The subscribing witnesses are Jno. H. Thomason and L. W. McGough. The landed estate is bequeathed to the wife, Mrs. M. J. Thomason and three boys, T. M., R. C. and J. A. Thomason. T. E. Wilson is bequeathed \$1,00, and to L. E. Dollar and G. Wilson, \$200 each. One half of a life policy for \$2,000 is given Mrs. M. J. Thomason and the other \$1,000 to the three sons; T. M. Thomason is made executor of the will.

A. F. Franklin made application for merchants license to sell liquor at Milford. The court refused to grant the license, holding that in absence of any remonstrance the law left the granting of license to the discretion of the court.

The following road overseers were appointed: P. B. Croft, W. E. Curry, M. K. Givens.

W. E. Todd filed a petition for change in road and Sam Snow, J. F. Casner and Dan J. McConnell were appointed viewers to report upon same.

B. R. Gilbert was granted an order empowering him to appropriate 3½ acres of vacant land.

Died at the t House.

A negro man named McGuire died at the pest house Sunday of smallpox. He came from Evansville here to stem tobacco several weeks ago, several days ago, he developed the disease and was sent to the pest house, and his proved to be the most severe case yet developed in this county. His was what is known as confluent smallpox; every particle of his skin was covered with eruptive sores. He was buried on the lot belonging to the pest house property.

The Senate Committee on Foreign Relations has agreed to report in favor of an annual pension of \$10,000 to Queen Liliuokalani of Hawaii.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

Washington's Birthday at State College.

LEXINGTON, Ky. Mar. 6, 1900.
ED. PRESS.—If you will grant me the space in your paper, and will not report this to the faculty of the college, I will mention some recent college happenings.

A boy that is kept in school from September until the middle of June acquires a certain amount of surplus energy that must be expended, in some way, for the boy's well being and progress; and it is often dealt out to his room-mate or neighbor, in boxing, strapping, bucking, placing some new fellow or guard or arraigning some ignorant "hill-billy" before a court composed of three officers of the battalion, for some offense.

The energy that has been accumulating since Xmas, burst forth about a week ago and made this week a history making period for State college. Everybody was full of patriotism and was eagerly awaiting the twenty-second.

As Washington's birthday approached, the boys began to look around to see what kind of a joke they could play on some poor fellow. They did not have to hunt very long before they found the fellow they were looking for.

One of the boys, that came in after Xmas, struck this place playing tricks on some other new fellow that was not quite as heavily endowed with brains, as he thought he was. In one week after his arrival he thought he was on to all the college boys' pranks. The third night after he came he put another new fellow on guard. Some of the old boys went to him and told him that the faculty had gotten hold of this and he was going to get into trouble for putting that boy on guard. All things being ready, one of the officers told him to appear before the board, for intimidating one of his fellow students. He knew better than to refuse to obey the officers, that must be respected.

He was brought before this august body, that he thought had been appointed by the faculty. Everybody had a solemn expression on his face, and if any one laughed he was seized by the Sergeant-at-Arms and put out of the room.

The judge, who presided with dignity, read to the jury what was thought by the criminal, to be article of the by-laws of the college, which says: "Any student, who shall participate in any attempt at hazing his fellow student, shall be tried before a board of officers appointed by the faculty. The punishment for which shall be expulsion from dormitory or college, according to the discretion of the board." Everything was carried out to perfection.

Friday morning the teachers came to their class-rooms to find the seats vacant. One of the teachers was seen with a hand-saw, hatchet and screw driver, and when asked what he was going to do, said he was hunting a job.

With many other thrilling scenes, that the college boy will long remember, Washington's birthday passed, but not without its good effects upon the boys. The razor strap and gauntlet were equalizers. The high toned Senior was placed on the same footing with the humblest private in the "prep." The college spirit is stronger and every boy is joined closer to his fellow student and to his school than before.

Student from Crittenden.

The judge, who presided with dignity, read to the jury what was thought by the criminal, to be article of the by-laws of the college, which says: "Any student, who shall participate in any attempt at hazing his fellow student, shall be tried before a board of officers appointed by the faculty. The punishment for which shall be expulsion from dormitory or college, according to the discretion of the board." Everything was carried out to perfection. The fellow was scared out of his wits. He did not want to be expelled from school, for that "would be a disgrace," he said, "which I will never get over."

His testimony was touching. Tears came in his eyes as he begged for them not to expel him. His attorney, then got up and in sympathetic tones, pleaded for the poor, rejected, unfortunate, down-trodden, brow-beaten boy, that his mother had kissed, as he left his home, and told him to be a good boy and not get into trouble. The jury, after long deliberation and suspense, brought in the verdict "not guilty."

The manner in which it was carried out made it one of the richest things that has happened in the old college for years.

Thursday being a National holiday, school was dismissed at one o'clock Wednesday. When the president got up to announce that there would not be school Thursday, a united yell went up from the students to give us Friday also. The president would not yield to the boys' wishes but stood to his convictions like old Peter Stuyvesant.

That night the inmates of the old "dormitory" armed themselves with pillows and chased over and challenged the new "dormitory" boys for a scrap. The boys from the old dormitory being greatly in

the majority, none but the bold and fearless boys from the new dormitory ventured out, only to be defeated.

The next morning, we were suddenly aroused by a mob which was celebrating the 22nd, by taking every fellow out of his room, that did not defend his dormitory on the previous night, and giving him twenty-two licks.

When a fellow had taken his bitter dose, like a man, he joined the mob and went over to apply the same medicine to his neighbor across the hall.

After all the boys in the new dormitory had joined the ranks, we sent a challenge to the old dormitory boys to meet us half way. And they met us, not with pillows for weapons, but with paddles and razor straps. The fellow that engaged in the combat without having himself paddled with two or three pillows and his chair cushion, came back a wiser boy and better prepared for the next college scrap.

But the funniest sight came later when both dormitories consolidated, and seized every commissioned officer, and all other persons that chanced to be wandering about the college, and made them run the gauntlet. It was a laughable affair to all, except the one that was running the gauntlet, to see a fellow start down a line about one hundred yards long and every fellow giving him a little impetus with his paddle as he dashed by. Woe to the fellow that was not fleet of foot.

After using up all the material we disbanded and went to our rooms to bind up our wounds and console ourselves that we had upheld the "rop" of our dormitory.

That night a meeting was held among the boys to take another holiday. It worked to perfection.

Friday morning the teachers came to their class-rooms to find the seats vacant. One of the teachers was seen with a hand-saw, hatchet and screw driver, and when asked what he was going to do, said he was hunting a job.

The Knights of Pythias Have
A Pleasant Time.

THEY ENTERTAIN FRIENDS.

Among the secret benevolent orders in Marion the Knights of Pythias stands among those in the front ranks. It was organized twelve years ago, and owns its own lodge room; and has paraphernalia and furniture that cost about \$400. It is now growing rapidly and is unquestionable an instrument of great good in the community.

About once every year the lodge has a banquet, and the members with their lady friends meet in the lodge room, where an elegant supper is served, and there is flow of eloquence as well as a feast of material things, and these events are always looked to with pleasure by the Sir Knights and their families.

Last Thursday evening was one of these historical periods in Blackwell Lodge, and the elegantly appointed lodge room was filled with chivalric knights and beautiful, charming ladies. After the social mingling and commingling of an hour, seats were taken at the table at 8:30, and it was eleven o'clock when the "finis" in the programme was reached.

The following shows how the merry hours flitted along:

District No. 18.

ED. PRESS.—On Friday March 2, our school in district No. 18, closed, and so pleasant, profitable and felicitous were the exercises of the last day that we feel that it is due a notice in the paper. Miss Maggie Franks, the teacher, had prepared a programme for the pupils—recitations and dialogues, and the almost perfect manner in which the pupils rendered the exercises as well as the appropriate programme, showed that our tireless, painstaking and thorough teacher, had neglected no part of her work, and the keen interest manifested by the pupils and the marked advancement in their studies during the term, all showed to the many appreciative patrons present that our school justified the pride we have in it.

After the regular programme had been finished, calls were made upon some of the patrons present and several of them responded, and their remarks were encouraging and edifying to patrons, teacher and pupils. Among those who spoke were Messrs. Louis Terry, Dr. R. J. Carty, W. F. Wofford and R. E. Flanary. A keen interest is being manifested in our school by our patrons and such speeches as were made by the gentlemen mentioned will help the good cause along. A PATRON.

AN AGENT'S EXPERIENCE.

R OAMING highways the irrepressible "picture man" has been with us several days. He has been canvassing for pictures to enlarge. Monday

for the first time

in the history of his business he met with his Waterloo, and left his nerve mortally wounded on the field.

While about two miles from town he discovered new territory, a green and ungrazed pasture,

where the untiring feet of the agent had never trod before; it was a little home somewhat back from the village street. Seeing the door open and a cheerful fire upon the hearth, he invited himself in, took a seat, deposited his hat and sample case on floor, crossed his locomotive limbs and the "lodge was at ease." Presently a colored woman entered from an adjoining room, an viewing the guest with surprise, asked this question:

"Mister, have you ever had the small-pox?"

Congratulating himself upon the social disposition of the lady of the house, he arose with Chesterfield suavity and said, "no, madam." "Do you know where you are?" was the next question; "in a pleasant home," was the reply.

"Lemme tell you," said the woman, "you are in the pest-house and that's two cases of small-pox in the next room." The agent did not remain for details, in executing a double-quick face-about, his foot caught in a chair, and as that piece of furniture described a semi-circle out across the front yard, the agent disappeared down the road, limping, but moving as the wind travels.

There are about one hundred Bibles rendered rare and curious by misprints or errors. Among them are the "Vinegar" Bible, wherein that word is substituted for vineyard in the parable; the "Placemakers" Bible, where that word takes the place of peacemakers.

Miss Emma Siboni, of Milwaukee, who has been commissioned by the Dowager Empress of Russia to paint a miniature of her on ivory, was born in Denmark 22 years ago, and came to America when her parents died. She first established herself in Chicago.

The Empress Frederick of Germany possesses a curious little tea service. The tray is made of an old Persian half penny. The teapot was once a German farthing, and all the tiny cups are made from coins of different German principalities.

UP TO THE MINUTE

TRIALS OF A NEW YORK CREDIT MAN.

Tricks Some Persons Use to Déraud Big Stores and Measures Taken for Their Prevention—People Who May Be Trusted—References.

Up to date is not enough for the credit man of a big New York department store. He must be up to the minute. The tricks that were tried on him an hour ago are ancient history, pigeon holed in his memory. His business at the present moment is with the trick which the latest seeker after credit may be trying to play on him. He must be careful not to drive away a good customer whom it is safe to trust, and he must be equally, or more, careful not to give credit to one who cannot or will not pay. His employers do not accept any excuses. He must not say that he did not know about So-and-So's financial condition. It is his business to know. His value to his house depends on the amount of credit he grants and the small per cent of loss which comes of it. There is absolutely no sentiment about the matter.

"The burglar," said the citizen, "lighted parlor matches all about the house, but evidently he knew how to strike them without making a noise, for we are all light sleepers, and none of us awoke."

ONE YEAR ONE DOLLAR

Each side must have its turn at the bat.

The trouble in Kentucky seems to be that we have two flags and but one constitution.

Times like these bring the level headed fellows to the surface—the other fellows bob up too.

It seems to us that Mr. Taylor would be a pretty good hand to have up in the mountains. The further up the better.

If our friends, the enemy, will just assist a little in uncovering the assassin, we can afterwards continue the discussion of the election law.

It's few men, having lost their cause in court, that do not find some fault with the court. So Mr. Taylor finds that all Democratic officials are bad, bad, bad.

"We want peace, not war," is the way Adjutant General Castleman expresses the Democratic position, and that's the correct idea. Stand by and submit to the civil authorities is the thing to do.

Governor General Davis, of Porto Rico, has asked for 500 tons of rice, codfish and bacon for the relief of the suffering people. He also suggests that if he could employ 25,000 men on public works for a period of three months, at an estimated expense of \$669,000, the period of distress could be tided over.

The Paducah News, heretofore a staunch supporter of everything and everybody opposed to the Goebel Democrats, throws up its hands and talks about the mistakes of Taylor pretty much as Ingersoll talked about the mistakes of Moses.

In this paper we print Alexander's Telephone Exchange card. This exchange has 160 instruments—certainly a large number for the place, and it shows that this community appreciates the splendid service of this exchange. This card also shows the connections with other towns in this portion of the state, and demonstrates the great value of the Alexander line in this particular. In addition to these, the line is being continually extended; and each extension makes it more valuable. This line certainly commands the field in this section and its patrons are well pleased with the service.

Goebel Monumental Fund.

The ladies of Marion and Crittenden county who are interested in the Goebel Monumental Fund, are requested to meet at the residence of Miss Mina Wheeler, Monday evening, March 22, at 2 p. m. As many as can possibly attend are requested to be present.

FRANKFORT NEWS.

Frankfort, Ky., March 13—Comparatively speaking, "everything is quiet on the Patomac," and will probably remain so, with Gov. Beckham and the Democratic officers doing business in their offices at the hotel, while Mr. Taylor and his claimants hold the executive building, surrounded by their soldiers, until the Court of Appeals passes upon Judge Field's decision. Gov. Beckham is conservative and will do nothing rash, and will abide the courts; it is believed by conservative people of all parties, that should the Court of Appeals sustain Field, Mr. Taylor will give up the building.

The refusal of Mr. Taylor to let the sheriff execute the warrants of arrest on Powers and Davis, and their attempt to escape in disguise surrounded by soldiers has been an occasion of criticism of Taylor by even Republican papers outside of the State.

The House by a vote of 56 to 13 passed the Senate resolution appropriating \$100,000 to equip a new State guard.

It is stated that Gov. Beckham will not spend a cent of the appropriation until his title is approved by the courts.

The House also passed the bill making it unlawful for a corporation to contribute to a campaign fund or to use threats to influence votes. The Republicans left the hall in an attempt to break a quorum and prevent a passage of the measure.

Up to this time seven men have been arrested in connection with the assassination of William Goebel, and warrants are out for two others—Charles Finley and John L. Powers. Those arrested are Holland Whittaker, of Butler county; Caleb Powers, of Knox county; W. H. Culton, of Jackson county; John Davis, of Jefferson county; J. L. Sutton, of Whitley county; Silas Jones, of Whitley county, and W. L. Hazlipp, of Barren county. Of these, Sutton and Jones are out on bond.

John Marshall retains the respect of Democrats while holding the confidence of his party. He has been a kind of buffer-between the contended forces, always standing for peace, law and order. In recognition of this fact Senator Thomas contemplated introducing a resolution commendatory of his course, but was dissuaded by friendly Democrats, who said: "Don't ruin the man with his own party and make it impossible for him to again hold office under it."

Mr. Marshall, on hearing of this said he was much obliged for the consideration of his Democratic friends, but he wanted nothing further from his party in the way of office, and would be very thankful if he could get loose of the one he was holding, or rather was holding him.

ANOTHER ARREST.

Frankfort, Ky., March 13.—A. P. Taul, from Harrodsburg, was quietly arrested in Breckenridge county today and brought here, accused of complicity in the Goebel murder.

STOCK ORDINANCE.

The City Council of the City of Marion, Ky., do ordain.

Sec. 1. That no cattle or other stock of any kind shall be permitted to go at large upon any of the streets, alleys, un-inclosed lots or places in the city of Marion. Provided, however, this section shall not apply in cases where any such animals are being driven through the city, or from one place to another for the purpose of being sold, or being taken from one part of the city to another for the purpose of being slaughtered, or to be placed in pen or other inclosure, nor while being driven to or from home.

Sec. 2. Any person who shall intentionally or carelessly allow his cattle or other stock to run at large, except as herein provided, shall be fined one dollar.

Sec. 3. Should any such cattle or other stock be found going at large, in violation of Section 1 of this ordinance, the same may be taken up by any one and be driven or conveyed to the place mentioned in Section 4 of this ordinance, and there shall be left until disposed of as hereinabove authorized and directed.

Sec. 4. That the city marshal shall provide a lot or place in which said cattle or other stock so taken up shall be impounded or kept, and said city marshal shall be the keeper of said pound and he shall feed and water said cattle or stock so long as it may remain in said pound.

Sec. 5. The person taking up said cattle or other stock shall forthwith make a statement of the fact in writing, under oath, and in said statement shall state the name of the owner, if known, and if not known said person shall so state in said affidavit. Said statement shall be filed in the police court of the city of Marion and kept there as a part of its record.

Sec. 6. If said affidavit shall disclose the name of the owner of such cattle or other stock, the judge of said court shall issue a summons against said owner, commanding him to appear in said court on the next day thereafter to show cause, if any he can, why he shall not be fined one dollar for violating this ordinance, and why such animal so taken up shall not be sold to satisfy the cost and charges of taking up, keeping and selling same.

Sec. 7. If said affidavit shall disclose the fact that the owner of such animal is unknown, or is absent from Crittenden county, Ky., then the judge of said court shall make a warning order or such affidavit warning the owner of said animal to appear in said court and defend said action and show cause, if any he can, why said animal so taken up shall not be sold and satisfy the costs of taking up, keeping and selling same, upon a day to be fixed by said court in said warning order, not less than ten days from the date of making said warning order.

At the time of making said warning order the judge of said court shall appoint, as attorney for said defendant, a regular practicing attorney of the court.

Such attorney shall make diligent efforts and inform the defendant, by mail or otherwise, concerning the pendency and nature of the action against him, and must report to the court, on the day named in said warning order, the result of his efforts.

Such attorney, if employed by the defendant, shall so report to the court; and such report shall be treated as an appearance of the defendant in the action.

If such attorney cannot inform the defendant concerning the action, or if he learns that the defendant is under disability other than coverture, or other than coverture and infancy combined, he shall so report to the court, and shall make an affirmative defense if he can, or if he cannot make such defense he shall so report to the court, and shall be subject, with reference to such report, to the provisions of Subsection 3 of Section 36 of Civil Code of Practice, and no act of his shall be treated as an appearance of such defendant.

The court shall allow to such attorney a reasonable fee for his services to be taxed as costs.

A defendant against whom a warning order is made and for whom an attorney has been appointed shall be deemed to have been constructively summoned on the tenth day thereafter, and the action may proceed accordingly.

Sec. 8. If, when such order has been duly summoned or warned as hereinbefore provided, said court shall determine, from the evidence, that there has been a violation of said ordinance, by such animals having run at large within the limits of said city, as aforesaid, said court shall make an order in which it shall describe the marks and give description of each animal to be sold, and direct the marshal of said city to sell the same to the highest bidder at public auction for cash in hand, after having advertised the date of sale for at least three days.

After deducting the costs and charges of such proceeding, the remainder of the proceeds shall be paid by said marshal to the treasurer of the city, which shall be held by him subject to the order of the former owner of such stock.

Sec. 9. The marshal as keeper as keeper of the pound shall be allowed a fee of fifty cents per head for taking up and impounding said cattle or other stock, and twenty-five cents per day for each day it shall remain in the pound for expense of keeping and feeding same, and the judge of the court shall be allowed the same fees for issuing summons and other papers and for trying said case as he is allowed by law in the trial of civil cases.

Passed and approved March 13, 1900.

J. W. BLUE, Mayor.
J. C. BOURLAND, Clerk.

STOCK LAW RE-ENACTED.

Electric Light Proposition—Bond Issue to Improve the Streets.

At the regular meeting of the city council Tuesday night, the stock law was re-enacted.

Boyce & Eddins submitted a proposition for putting in electric lights. They propose to put in ten arc lights, and the required number of incandescent fifty candle power lights, for \$900 a year, giving 1 o'clock service. The proposition was taken under advisement.

Are You Ever Depressed?

And is it not due to nervous exhaustion? Things always look so much brighter when we are in good health. How can you have courage when suffering with headache, nervous prostration and great physical weakness?

Would you not like to be rid of this depression of spirits?

How? By removing the cause. By taking

Ayer's Sarsaparilla

It gives activity to all parts that carry away useless and poisonous materials from your body. It removes the cause of your suffering, because it removes all impurities from your blood. Send for our book on Nervousness.

To keep in good health you must have perfect action of the bowels. Ayer's Pills cure constipation and biliousness.

Write to our Doctor. Perhaps you would like to consult our doctor about your condition. Take with us from all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

The proposition to issue bonds to macadamize the streets was discussed by the council. It is held by many that it would be cheaper to borrow the money and do this street work all in one year than it would to do a little every year.

The council can not pass on this question, but will have to submit it to a vote of the people. The matter was left open for investigation, and will be taken up again next Tuesday night when an adjourned meeting of the council will be held.

Man in Iowa Uses a Compound that Makes His Hens Lay Double the Usual Number Summer and Winter. Secret of His Success.

People in the neighborhood of Creston, Iowa, are amazed at the number of eggs that this man drives to market with. When asked what was the cause of his hens being so prolific, he stated it was all in a certain compound he was using, that kept his hens in good condition and furnished them with the proper stimulus to egg production. American Poultry Mixture is the name of it, and is made by American Mfg. Co., Terre Haute, Ind. Every man in the poultry business is interested in the health of his hens and their laying capacity. In the eggs lie his profits. This mixture is guaranteed to increase the production of eggs 100 per cent. or money refunded. It will do more than three times as much as the same amount of any other compound. It is concentrated in form and the result of years of practical experience in the poultry business. There is absolutely no doubt as to what it will do, and you are invited to try it at the expense of the company. Send \$1.00 for a sample package and if doesn't do the work you get your money back. This is fair and is made to induce practical poultrymen to give it trial. It is also a sure preventive of such diseases as the terrible cholera and croup which create such havoc in all parts of the country. It acts directly on the craw and gizzard and is a thoroughly scientific preparation.

The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case order direct from the American Manufacturing Company, Terre Haute, Ind.

Lewis Nelson was in town Saturday, looking somewhat like he had been living on dry feed. Inquiry elicited the fact that his wife and three children were down with the measles and had been keeping Lewis awake of nights.

Great opportunity offered to good reliable men. Salary of \$15 per week and expenses for man with rig to introduce our poultry mixture and insect destroyer in the county. Send stamp. American Mfg. Co., Terre Haute, Ind.

Mr. R. F. Haynes has purchased the Morse drugstore. The furniture and fixtures, and stock has been moved to the Clark house, which has been occupied as a drug store for years. Mr. Morse becomes the owner of the Clark brick.

We have a 25 horse power Westinghouse engine and boiler for sale at a bargain; suitable for running a saw or grist mill. Call at mill for particulars. Price \$400.

CLARK PLANING MILL CO.

Sheriff Pickens delivered the two Tabor boys to the Superintendent of the School of Reform last week. The boys were scrubbed up, given clean clothes and put to work. They work one-half of the day and go to school the other half.

Mr. A. S. Hard wants it known that he is not the Hard that has enlisted in the State militia. He has a hard enough time keeping everything about his office in apple-pie order without inviting other hard duties. Jno. A. Hard is the embryo soldier.

Mr. G. L. Whitt advertises his sweet potatoes in this paper. The season may go awry occasionally, and other people fail to raise sweet potatoes, but George Whitt always turns up in the spring with a few hundred bushels of as fine tubers as grow. He is a reliable man and we will guarantee that persons sending him mail orders will be treated exactly right.

Mr. and Mrs. Robt. Fowler entertained a few of their young friends last Tuesday evening. Those present were Misses Edna Cossitt, Eva Hill, Dacie Cossitt, Fannie Hill and Cora Clark, and Messrs. Jno. Bebout, Frank Doss, Amplias Weldon, Spencer Dorr, Harry Hammond and Charley McNeely. The evening was spent pleasantly with games and music, and will long be remembered by the young people as a pleasant one.

At a late hour refreshments were served after which the youngsters dispersed with happy hearts, saying Mr. and Mrs. Fowler were excellent entertainers.

A GUEST.

Sometime ago John Clark, col., was given a judgement for \$300 in the Circuit Court against the I. C. railroad for injuries received while working for the road. The road appealed the case, and last week, the court of appeals affirmed the judgement with damages.

The Republicans held a meeting at the courthouse Monday, and passed resolutions condemning the election law. The house was comfortably filled and speeches were made by Rev. Bently and Mr. A. C. Moore.

About one o'clock yesterday the fire alarm was sounded and the smoke-house of R. A. Moore was discovered ablaze. The fire was quickly put out.

Deeds Recorded.

Happenings of the Week
As Chronicled by Our
Special Correspondents.

DYCURBURG.

The river is rising very fast. Steve Tisdale has the measles. F. B. Dycus went to Kuttawa, Sunday.

J. C. Bennett has a fine boy at his house.

Tom Easley, of Kelsey, was here one day last week.

Mrs. Brown, of Nashville, visited friends here Sunday.

Jim Holmes, the painter is still improving the looks of our town.

S. L. Yancy, M. B. Charles, and Mrs. Robinson and son, went to Paducah Sunday.

LOLA.

J. D. Foley who has been very sick with the measles is improving.

Rev. Gibbons failed to fill his appointment at Union church Sunday.

The wife of Allen Garrett, near Hopewell church, died last Thursday of pneumonia and measles.

Attorney C. L. May, of Smithland, attended 'Squire Paris' court last week. He represented County Attorney Wilson in the prosecution.

Attorney C. R. Kennon, of near Marion, was in 'Squire Paris' court last week, in defense of Ernest Watson. The case against Watson was dismissed. Kennon is a good pleader of the law and seems to feel it his to defend the interest of his client.

CARRSVILLE.

Harry Rutter spent last week in Smithland.

Mr. A. S. Williams, the binder man, is in our midst handling machines.

W. F. Gardner returned Saturday from Louisville, where he has been studying medicine.

On account of continued illness Rev. Biddle again failed to occupy the pulpit in C. P. church Sunday.

Claude Kidd, junior member of the firm of Rhodes & Kidd, is building an elegant mansion in west part of town.

Telephone enthusiasm is ablaze down here and we hope soon that our people in stentorian tones may call out "hello central." Mr. Alexander will be down soon to work up the enterprise.

Beautiful Women

There are few women as beautiful as they might be. Powder and paint and cosmetics don't make good looks. Beauty is simply an impossibility without health. Beautiful women are few because healthy women are few. The way to have a fair face and a well-rounded figure is to take

Bradfield's Female Regulator

This is that old and time-tried medicine that cures all female troubles and weaknesses and drains. It makes no difference what the doctors call the trouble, if there is anything the matter in the distinctly feminine organs, Bradfield's Female Regulator will help and cure it. It is good for irregular or painful menstruation; for leucorrhœa, for falling of the womb, for nervousness, headache, backache and dizziness. Take it and get well. Then your old-time girlish features and figure will be restored.

Sold by druggists for \$1 a bottle.
THE BRADFIELD REGULATOR CO.
ATLANTA, GA.

The public term of the graded school closed the 10th. On account of the measles the attendance was reduced greatly, but the term was no less successful. All agree that Principal Howard and Misses Rutter and Davis have done their duty and won the praise of all who were under their instructions.

NEW SALEM.

John Congers was quite sick last week.

Phil Travis, of Emmaus was in this section Sunday.

Fred Penn's child was buried at Tyner's Chapel last week.

Cardin & Dunkerson have purchased the tobacco stemmery and will enlarge it, and buy tobacco on a larger scale than ever next season.

Mr. Zed Bennett closed his school Friday. A large crowd of friends and patrons were present, and some timely speeches were made. Mr. O. C. Lasher, the Superintendent, was present and made a good speech, as did Bro. Thomas, of Marion, and Eld. Berry of this place. Mr. Bennett is popular here, and as his prospects are Allbright, we expect him to be with us often.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy for dyspepsia, deranged liver and stomach and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at J. H. Morse's. Sold by all dealers in all civilized countries.

FREDONIA.

General Information.

The careful observance of the following will aid materially in securing that which it is my desire to give, namely, GOOD SERVICE.

To call Central Office, give the bell crank one sharp turn, then take receiver from hook, place firmly to the ear and listen for the operator to answer, give operator the number or name of the party with whom you wish to communicate, and operator will at once make the call for you, or report that line called for is in use. After getting the party called for and finishing the conversation, return the receiver to the hook and give the bell one sharp turn to notify the operator that you have finished your conversation.

ANSWER YOUR CALLS PROMPTLY, it is impossible to give good service unless you do this.

Subscribers are requested not to enter into conversation with the operator.

Polite, courteous and prompt service is due patrons at all times, and you will confer a favor by reporting to me any deviation from this rule.

Report any case of trouble with your telephone to office and it will be put in repair without delay.

WAY OF THE OSTRICH

OBSERVATIONS BY ONE WHO RAISES THEM.

The Male Ostrich Has But One Mate and the Female Is Rather Stupid—Ostrich Amusements Are of a Pecculiar Character.

The Phœnix, Arizona, herd of ostriches inhabits an alfalfa pasture of forty acres, three miles north of the city. The herd is second in size in America, numbering 175 birds, the largest being at Fullerton, Cal., and numbering 300 birds.

The first birds brought from South Africa to America for breeding purposes came to California in 1882. In 1888 fourteen chicks from this herd were brought to Phoenix for exhibition, and were bought by Josiah Harbert, who proposed to breed them. The purchase was made during the summer and Mr. Harbert put the young birds in coops, carefully covered the coops with cloths to keep out the sun, and drove out to his home in Alhambra. All the birds but two were smothered to death during the trip. It being impossible to distinguish between the sexes in young ostriches, and fearing he had no male bird, Mr. Harbert purchased one of the male birds brought from Africa. The 175 birds constituting the present herd are his descendants. He has been honorably retired, and with the dignity befitting his patriarchal position he knocks the stuffing out of everything that comes within his reach. It was not long ago that he engaged M. Pickrell, President of the Arizona Ostrich Company, in an impromptu "scrap," and while Mr. Pickrell is a husky old bird himself and was armed with a wooden pitchfork, old "Oom Paul" hit him one welt and knocked him out for several days.

The ostrich is a monogamist. At least he has but one wife at a time. The match-making is arranged by the human keeper, who puts each pair of birds in a separate corral. Mr. Ostrich is likely to consider the question of marriage for some days after he is introduced to his partner, and much thought on the question colors his shins and beats a bright red. When he finally determines that a family should be reared, he digs a nest in the ground. He then drives his mate up to the nest and calls her attention to it by giving her a kick. If she is dull of comprehension, and she usually is, he continues to kick her and scold her.

And his voice much resembles the roar of the lion. He is often compelled to go to the extreme of kicking her over the 8-foot fence forming the corral.

She finally, however, sees her duty and begins to lay eggs which average three pounds in weight. The first two or three eggs are not fertile and will not hatch. This fact, curiously enough, is known to the mother and she lays them outside the nest. But in this there is a wonderful provision of nature.

On the African desert the nesting of the wild birds is done in the hills or mountains, far from water and the haunts of beasts or men. But while the nest may be many miles from water, the first requirement of the chick when he comes from the shell is water or its equivalent in liquid food. Hence the necessity of the two or three sterile eggs, which the mother breaks after her brood is born, and on which the chicks live until they are strong enough to travel.

Left to his own judgment the hen lays perhaps ten eggs, at the rate of one in two days, and when the nest looks comfortably full, the incubation begins. But the artifice of man deceives her. He systematically takes the eggs from the nest; and as long as her work seems to be unfinished the hen continues to produce eggs. By this system two hens on the Phoenix farm last year produced fifty eggs each. She cannot be deceived, however, as to the sterile eggs. If they are put in the nest she will continue to pull them out, and will finally quit laying and abandon the nest.

About fifteen eggs constitute a setting, and the period of incubation is forty-two days. The male bird does the greater share of this labor. He takes charge of the nest at 5 o'clock in the evening and remains with it until 9 o'clock in the morning, when the female takes charge. At noon he relieves her for an hour, while she lunches, and she then keeps house until 5 o'clock.

One of the most interesting characteristics of the ostrich is the manner in which he takes what may be called his "constitutional." Every morning at sunrise the herd of young males engages in a foot race, which concludes in a combination cake walk and reel. In single file they will race around the pasture at a two-minute gait, until thoroughly limbered up, and then suddenly forming in a group go through gyrations that suggest the waltz, the Virginia reel, the cake walk and the "happy jag." It is a grotesque performance, but there is a singular grace in the birds' play, and when they are in full plumage, with their great wings spread, the sight is beautiful.—Phoenix Graphic.

The Organist an Autocrat.

"If there ever is any trouble in the congregation about the music, and if the minister ever worries himself, it is admitted at once that the congregation and the minister are alone to blame," writes Ian MacLaren in the January Ladies' Home Journal. "But there are other difficulties, and they may be mentioned in a spirit of becoming humility. For one thing, the organist is an artist, and every artist has a nature of special refinement which cannot bear the rough-and-tumble ordinary methods of life. With a man of common clay you deal in a practical, straightforward and even brutal fashion, arguing with him, complaining to him, and putting him right when he is wrong. But no man must handle precious porcelain in such fashion, or the artist will be instantly wounded and will resign and carry his pathetic story to every quarter, for, as a rule, the organist thinks that he is lifted above criticism and public opinion. It is impossible to teach him anything; it is an insult to suppose that anything could be better than the music he provides."

FINAL TEST.

How She Discovered the Tradesman's Deceit.

The woman was crimson with rage. "You recall the vase you sold me on the pretense that it was a very rare article of virtue?" she hissed.

The tradesman bowed tremblingly. "It is a fraud!" cried the woman, her voice rising to a shriek. "It is not rare! I doubt if it is worth more than \$10. For, look you, my husband can come home late at night and feel for matches in the same room with it without knocking it over!"

Here the tradesman smote together as to his knees, perceiving that his deceit was discovered.—Detroit Journal.

An Exploded Myth.

"Do your little ones believe in Santa Claus?"

"No. They did till last Christmas, when their paper played the part I had the children in the hall and he was to come from upstairs with a lot of presents for them."

"Yes?"

"Well, we had the lights turned low, and he thought he was down when he wasn't. They recognized his language."—Chicago Times-Herald.

Good Cheer.

"Now, tell me, doctor, candidly, is there anything the matter with my wife?"

"Yes. Her vocal chords are sadly affected. I'm afraid she may lose her voice."

"Say, drop in on your way back from the office and chat a while, will you? Things have been going badly with me lately, and it's so comforting to hear you talk."—Chicago Times-Herald.

Too Great a Contrast.

Father—I don't see why you don't like Mr. Clubbigh. His habits are excellent. He doesn't drink or smoke or play the races. What's your objections?

Daughter (who loves another)—Oh—er—I don't know. (Suddenly brightening.) I'd be so awfully homesick with him, papa; he's so unlike you.—New York World.
